Re: Garcia, Reymundo

March 24, 2010

Page 2

On March 23, 2010, a planned search was conducted at the residence of the defendant by U.S. Probation with the assistance of other Federal and local law enforcement. After contacting the defendant, his parents, and several other individuals, the search was commenced. While clearing the residence, multiple firearms were located in closets and in the kitchen. Located next to the firearms were multiple boxes of ammunition. Twelve firearms and multiple boxes of ammunition were seized by U.S. Probation and are currently secured in evidence.

The search of a shed, which the defendant was using for the storage of tools and lawn equipment, resulted in the location of several bags of marijuana and cocaine. These items field tested presumptive positive. Also located in the shed was a small green cannister used for grinding up marijuana with marijuana residue and three glass pipes with residue.

The search of a camp trailer resulted in the location of one glass bong with residue and a small amount of marijuana wrapped in smoking paper which had not been smoked.

All of the marijuana, cocaine, and drug paraphernalia was turned over to the Grant County Sheriff's Department for charging. The defendant was taken to the Grant County Jail and charged with possession of controlled substances and drug paraphernalia.

8

Special Condition # 16: You shall abstain from the use of illegal controlled substances and shall submit to urinalysis testing, as directed by the supervising probation officer, but no more than six tests per month, in order to confirm continued abstinence from these substances.

Supporting Evidence: Reymundo Garcia is considered in violation of his period of supervised release in the Eastern District of Washington by using controlled substances, methamphetamine and marijuana on or prior to March 10, 2010.

On March 10, 2010, the defendant reported for a random urinalysis testing at ADDS in Moses Lake. The test returned presumptive positive for the presence of methamphetamine and marijuana. The sample was forwarded to Kroll Laboratory Specialists, Inc. where it was confirmed positive for methamphetamine and marijuana.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on: 03/24/2010
